

A Manex Resource Group Company

President's Letter

REPORT TO SHAREHOLDERS:

Market conditions for junior explorers improved significantly as the price of gold and other precious metals advanced during 2020. Your Company completed an over-subscribed financing of Cd\$664,400 in June, and Bravada's increased share price during the summer resulted in Cd\$1,028,970 of warrants being exercised. The Company has been careful to follow Covid-19 protocols and has been fortunate to have avoided issues related to the pandemic other than long lead times for assay results and for availability of drill rigs. However, Bravada was successful in drilling two of its properties in 2020: **Highland** funded by a partner and **Wind Mountain** funded by Bravada's warrant exercises. In addition, the Company added critical land to **SF** and began evaluating the larger property late in the field season. Interest by potential JV partners for the Company's other properties was quite high, but most interested companies have been reluctant to commit without conducting field exams, which have been restricted for many by current Covid-19 protocols. We should see new partnerships in 2021 once the pandemic is in its waning stages.

A summary of 2020 progress:

Wind Mountain – As I write this, Bravada is drilling the third RC hole in the Feeder Target. We believe faults in this area may host high-grade gold veins, the ultimate source of the large, near-surface oxide gold/silver deposit and remaining resource at this previously mined site. Remaining resources were expanded by Bravada and verified by an independent resource calculation and a positive PEA in 2012. Our work since then has focused on our expected “feeder” target, and that is being tested currently with a fence of three, relatively deep holes. In addition, the current gold price justifies re-evaluating the possibility of a low-cost, open-pit heap-leaching operation for the existing shallow resource of disseminated oxide mineralization, although it would require additional drilling and economic studies. The current drilling program will significantly affect how we proceed with this project.

Highland – OceanaGold Corp funded a two-hole core program to test several geophysical and geological features at the Big Hammer target. This modest program was designed as follow up, with a limited budget, OceanaGold's 2019 program of collecting approximately 1,400 soil samples, completing 35 line-km of CSAMT geophysics, completing initial sinter-facies mapping, and partially completing geologic mapping. Bravada and past partners intersected high-grade precious metal intercepts in drill holes on the western portion of this property, but the eastern portion of the property, where OceanaGold focused, is largely untested due to gravel cover and high levels of exposure of the mineral system as indicated by the presence of extensive sinter. OceanaGold returned the property to Bravada this month in order to focus their exploration efforts on organic growth at their currently producing mines. However, several attractive targets have been refined by OceanaGold's work, including the recent drilling program. Big Hammer is particularly attractive and Bravada intends to drill additional holes there in 2021.

SF – Bravada drilled two “proof-of-concept” holes at SF in 2019 with encouraging results; however, follow up was hampered by restrictions in the Company's land holdings. Target host rocks were intersected three times in each drill hole, verifying the stacked series of thrust faults that resulted in repeated sections of Wenban and Horse Canyon formations. This geologic setting is very similar to that of the Goldrush/Four Mile deposits being mined and further expanded by active drilling 6km to the west of SF. The adjacent HC claims were offered by a private group to Bravada during 2020 and were acquired successfully for shares and a retained royalty. These claims and additional claims staked by the Company now allow us to evaluate this large area of alteration with certainty of land tenure. Initial sampling on the newly acquired ground was conducted this fall; however, assays have not been received. Additional follow up mapping and sampling are planned for 2021.

Shoshone Pediment – Baker Hughes' mine permitting during 2020 was delayed further when oil prices dropped, reducing the need for barite-weighted drilling mud. Bravada holds a royalty on the barite produced; however, it is uncertain when barite production will begin.

South Lone Mountain – A low zinc price has slowed Nevada Zinc Corporation’s exploration and development progress on their Lone Mountain zinc deposit. No work was completed on Bravada’s adjacent claims, which are under an option agreement with Nevada zinc. Soil geochemistry suggests zinc mineralization extends onto Bravada’s claims, where bedrock is covered by gravel. Zinc prices have recovered during 2020, but it is uncertain when that might result in work on Bravada’s claims.

Nevada Properties for JV - The Company continues to seek appropriate funding partners to advance its other properties, many of which have significant gold intercepts in drill holes and have targets delineated for additional drilling. Several companies have reviewed data, but many are not able to conduct field exams due to travel restrictions.

Bravada follows a portfolio approach to exploration, focusing on its 10 high-potential properties in Nevada where the Company has extensive experience. The Company pursues properties that have the potential to host high-margin gold deposits and where the Company has a clear path to upgrade the value of those properties. Nevada is a safe, stable, and highly productive gold and silver mining region, typically ranked in the top five jurisdictions in the world by the Fraser Institute. We believe that important new discoveries will continue to be made in this mature, but highly productive, region by applying well-reasoned, science-based targeting and that our shareholders will be rewarded with significant new discoveries on our properties.

Management and directors wish to thank shareholders for their continuing support and confidence.

**MANAGEMENT INFORMATION CIRCULAR
AS AT AND DATED DECEMBER 9, 2020**
(unless otherwise noted)

This Management Information Circular (“Information Circular”) accompanies the Notice of Annual General Meeting (“Notice of Meeting”) of holders of common shares (“shareholders”) of Bravada Gold Corporation (the “Company”) scheduled to be held on Tuesday, January 19, 2021 (the “Meeting”), and is furnished in connection with a solicitation of proxies for use at that Meeting and at any adjournment or postponement thereof.

PERSONS OR COMPANIES MAKING THE SOLICITATION

**THE FORM OF PROXY ACCOMPANYING THIS INFORMATION CIRCULAR
IS BEING SOLICITED BY MANAGEMENT OF THE COMPANY**

Solicitations will be made by mail and possibly supplemented by telephone, electronic means or other personal contact to be made without special compensation by directors, officers and employees of the Company. The Company may reimburse shareholders’ nominees or agents for the cost incurred in obtaining from their principals authorization to execute forms of proxy. It is not anticipated that any solicitation will be made by specially engaged employees or soliciting agents. The cost of solicitation will be borne by the Company.

No person has been authorized to give any information or to make any representation other than as contained in this Information Circular in connection with the solicitation of proxies. If given or made, such information or representations must not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not create, under any circumstances, any implication that there has been no change in the Information set forth herein since the date of this Information Circular. This Information Circular does not constitute the solicitation of a proxy by anyone in any jurisdiction in which such solicitation is not authorized, or in which the person making such solicitation is not qualified to do so, or to anyone to whom it is unlawful to make such an offer of solicitation.

APPOINTMENT OF PROXYHOLDER

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Those shareholders so desiring may be represented by proxy at the Meeting. The persons named in the form of proxy accompanying this Information Circular are directors and/or officers of the Company (“Management Appointees”). **A shareholder has the right to appoint a person or company (who need not be a shareholder) to attend and act on the shareholder’s behalf at the Meeting other than the Management Appointees.** To exercise this right, the shareholder must either insert the name of the desired person in the blank space provided in the form of proxy accompanying this Information Circular and strike out the names of the Management Appointees or submit another proper form of proxy.

NON-REGISTERED SHAREHOLDERS

Only shareholders whose names appear on the records of the Company (“registered shareholders”) or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are not registered shareholders because the shares they own are not registered in their names. More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of that person (the “Non-Registered Holder”) but which are registered either: (a) in the name of an intermediary (an “Intermediary”) that the Non-Registered Holder deals with in respect of the shares including, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“CDS”)) of which the Intermediary is a participant. In accordance with current securities regulatory policy, the Company has distributed copies of the Notice of Meeting, this Information Circular and the form of proxy accompanying this Information Circular (collectively, the “Meeting Materials”) to the clearing agencies and Intermediaries.

Current securities regulatory policy requires Intermediaries to forward the Meeting Materials to, and to seek voting instructions from, Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Intermediaries will often use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete this form of proxy and **submit it to the Company, c/o Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, fax number: (416) 263-9261; or**

- (b) more typically, be given a voting instruction or proxy authorization form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, (such as Broadridge Financial Solutions Inc.), will constitute voting instructions (often called a “proxy authorization form”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for this proxy form to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the proxy form, properly complete and sign the proxy form and return it to the Intermediary or its service company, or otherwise communicate voting instructions to the Intermediary or its service company (by way of telephone or Internet, for example) in accordance with the instructions of the Intermediary or its service company. **A Non-Registered Holder cannot use a proxy authorization form to vote shares directly at the Meeting.**

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares which they beneficially own.

The Meeting Materials are being sent to both registered and non-registered owners of shares. If you are a Non-Registered Holder and the Company or its agent has sent the Meeting Materials directly to you as a non-objecting beneficial owner under National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding shares on your behalf. By choosing to send the Meeting Materials to you directly, the Company (and not the Intermediary holding shares on your behalf) has assumed responsibility for (i) delivering the Meeting Materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Management of the Company does not intend to pay for Intermediaries to forward to objecting beneficial owners under NI 54-101 the Meeting Materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary*, and in the case of an objecting beneficial owner, the objecting beneficial owner will not receive the Meeting Materials unless the Intermediary holding shares on behalf of the objecting beneficial owner assumes the cost of delivery.

Non-Registered Holders cannot be recognized at the Meeting for purposes of voting their shares in person or by way of depositing a form of proxy. If you are a Non-Registered Holder and wish to vote in person at the Meeting, please see the voting instructions you received or contact your Intermediary well in advance of the Meeting to determine how you can do so.

Non-Registered Holders should carefully follow the voting instructions they receive, including those on how and when voting instructions are to be provided, in order to have their shares voted at the Meeting.

DEPOSIT AND VOTING OF PROXIES

To be effective, the instrument of proxy must be dated and signed and, together with the power of attorney or other authority, if any, under which it is signed or a notarially certified copy thereof, deposited either at the office of Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, or at the Head Office of the Company at Suite 1100 - 1199 West Hastings Street, Vancouver, British Columbia, V6E 3T5 not less than 48 hours, Saturdays, Sundays and holidays excepted, prior to the time of the holding of the Meeting or any adjournment or postponement thereof. Late proxies may be accepted or rejected by the Chairman of the Meeting in the Chairman’s discretion, and the Chairman is under no obligation to accept or reject any particular late proxy.

THE SHARES REPRESENTED BY A PROPERLY EXECUTED AND DEPOSITED PROXY WILL BE VOTED OR WITHHELD FROM VOTING ON EACH MATTER REFERRED TO IN THE NOTICE OF MEETING IN ACCORDANCE WITH THE INSTRUCTIONS GIVEN (provided such instructions are certain) ON ANY BALLOT THAT MAY BE CALLED FOR AND, IF A CHOICE IS SPECIFIED WITH RESPECT TO ANY MATTER TO BE ACTED UPON AT THE MEETING, THE SHARES SHALL BE VOTED OR WITHHELD FROM VOTING ACCORDINGLY. **WHERE NO CHOICE IS SPECIFIED IN RESPECT OF ANY MATTER TO BE ACTED UPON AND ONE OF THE MANAGEMENT APPOINTEES IS NAMED IN THE FORM OF PROXY TO ACT AS THE SHAREHOLDER’S PROXYHOLDER, THE SHARES REPRESENTED BY THE PROXY WILL BE VOTED IN FAVOUR OF ALL SUCH MATTERS.** THE FORM OF PROXY ACCOMPANYING THIS INFORMATION CIRCULAR GIVES THE PERSON OR COMPANY NAMED AS PROXYHOLDER DISCRETIONARY AUTHORITY REGARDING AMENDMENTS OR VARIATIONS TO MATTERS IDENTIFIED IN THE NOTICE OF MEETING AND OTHER MATTERS THAT MAY PROPERLY COME BEFORE THE MEETING. IN THE EVENT THAT AMENDMENTS OR VARIATIONS TO MATTERS IDENTIFIED IN THE NOTICE OF MEETING ARE PROPERLY BROUGHT BEFORE THE MEETING OR ANY OTHER BUSINESS IS PROPERLY BROUGHT BEFORE THE MEETING, IT IS THE INTENTION OF THE MANAGEMENT APPOINTEES TO VOTE IN ACCORDANCE WITH THEIR BEST JUDGMENT ON SUCH MATTERS OR BUSINESS ON ANY BALLOT THAT MAY BE CALLED FOR. AT THE TIME OF PRINTING THIS INFORMATION CIRCULAR, MANAGEMENT KNOWS OF NO SUCH AMENDMENTS, VARIATIONS OR OTHER MATTERS WHICH MAY BE BROUGHT BEFORE THE MEETING.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the registered shareholder or the registered shareholder’s attorney authorized in writing, or if the registered shareholder is a corporation, by a duly authorized officer or attorney thereof, and deposited either at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment or postponement thereof, or, as to any matter in

respect of which a vote shall not already have been cast pursuant to such proxy, with the Chairman of the Meeting on the day of the Meeting, or any adjournment or postponement thereof, and upon either of such deposits the proxy is revoked.

Only registered shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must arrange for their Intermediaries to revoke the proxy on their behalf.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of Common Shares without par value. There is one class of shares only and there are 88,900,459 Common Shares issued and outstanding. The directors have determined that all shareholders of record as of the 9th day of December, 2020 will be entitled to receive notice of and to vote at the Meeting.

At a General Meeting of the Company, on a show of hands, every registered shareholder present in person and entitled to vote and every proxyholder duly appointed by a registered shareholder who would have been entitled to vote shall have one vote and, on a poll, every registered shareholder present in person or represented by proxy or other proper authority and entitled to vote shall have one vote for each share of which such shareholder is the registered holder. Shares represented by proxy will only be voted as to the number of shares represented if a poll or ballot is called for. A poll or ballot may be requested by a registered shareholder or proxyholder present and entitled to vote at the Meeting or required because the number of votes attached to shares represented by proxies that are to be voted against a matter is greater than 5% of the votes attached to all shares that are entitled to be voted and to be represented at the Meeting.

To the knowledge of the directors and executive officers of the Company, as at the date of this Information Circular, no person or company beneficially owns, or controls or directs, directly or indirectly, voting securities carrying 10% or more of the outstanding voting rights of the Company.

ELECTION OF DIRECTORS

Each director of the Company is elected annually and holds office until the next Annual General Meeting of the shareholders unless that person ceases to be a director before then. **Unless such authority is withheld, the Management Appointees intend to vote the shares represented by proxy for the election of the nominees herein listed on any poll or ballot that may be called for.**

MANAGEMENT DOES NOT CONTEMPLATE THAT ANY OF THE NOMINEES HEREIN LISTED WILL BE UNABLE TO SERVE AS A DIRECTOR. IN THE EVENT THAT PRIOR TO THE MEETING ANY VACANCIES OCCUR IN THE SLATE OF NOMINEES HEREIN LISTED, IT IS INTENDED THAT DISCRETIONARY AUTHORITY SHALL BE EXERCISED BY THE MANAGEMENT APPOINTEES, IF NAMED IN THE PROXY, TO VOTE THE SHARES REPRESENTED BY PROXY FOR THE ELECTION OF ANY OTHER PERSON OR PERSONS AS DIRECTORS UNLESS THE SHAREHOLDER HAS SPECIFIED THAT THE SHARES REPRESENTED BY PROXY ARE TO BE WITHHELD FROM VOTING IN THE ELECTION OF DIRECTORS.

Management proposes that the number of directors for the Company be determined at six (6) for the ensuing year, subject to such increases as may be permitted by the Articles of the Company, and that each of the following persons be nominated for election as a director of the Company for the ensuing year. Information concerning these persons, as furnished by the individual nominees, is as follows:

Stock Option Plans and Other Incentive Plans

The Company has adopted a stock option plan (the "Option Plan") for the purpose of attracting and motivating directors, officers, employees and consultants of the Company and advancing the interests of the Company by affording such persons the opportunity to acquire an equity interest in the Company through rights granted under the Option Plan. "Rolling" stock option plans must receive annual shareholder approval in accordance with the policies of the TSX Venture Exchange and, accordingly, the Option Plan was approved by shareholders at the Company's last annual general meeting held on January 23, 2020. A summary of the stock option plan is included under "Particulars of Other Matters to be Acted Upon – Stock Option Plan" herein.

Employment, Consulting and Management Agreements

Management functions of the Company are not, to any substantial degree, performed by anyone other than by directors or NEOs of the Company.

Joseph A. Kizis, Jr. entered into a consulting agreement effective May 1, 2020 with the Company and the Company's wholly-owned subsidiaries, Bravo Alaska, Inc. ("Alaska") and Rio Fortuna Exploration (U.S.) Inc. Pursuant to this agreement, the Company, through Alaska, pays Mr. Kizis US\$6,250 per month in consideration for his services as a geological consultant and President of the Company. The consulting agreement has a five year term and Mr. Kizis may be eligible to participate in future stock option grants of the Company. Mr. Kizis may terminate the consulting agreement with two months' notice. The Company may terminate the consulting agreement with two months' notice to Mr. Kizis due to breach, misconduct, or in the case that Mr. Kizis becomes bankrupt, of unsound mind or is convicted of a criminal offence. Upon a change of control, as defined in the consulting agreement, Mr. Kizis has the right to terminate the consulting agreement and receive an amount of money equal to the consulting fee for a period of 30 months. Upon a change of control, and assuming the triggering event took place on the last business day of the Company's most recently completed financial year the estimated payment to Mr. Kizis would be US\$187,500.

Graham Thatcher provides the Company with the services of CFO for a monthly fee of \$1,500 plus applicable taxes. The Company entered into an amended and restated consulting agreement with Mr. Thatcher effective April 1, 2016 which replaced a similar consulting agreement dated April 1, 2013. The consulting agreement provides that either party may terminate with 30 days prior written notice and the Company may terminate with no advance notice to Mr. Thatcher due to default (as defined in the consulting agreement).

The Company is party to a consulting agreement dated effective June 29, 2020 with Lawrence Page, Q.C. and Advocate Services Ltd. ("Advocate"), a company controlled by Mr. Page, whereby the Company has engaged Advocate to provide the services of Mr. Page to act in the capacity of Chairman. The consulting agreement has a five year term and provides for a monthly consulting fee of \$6,750 plus tax payable to Advocate. The Company may terminate the consulting agreement with no advance notice to Advocate due to default (as defined in the consulting agreement). Upon a change of control, as defined in the consulting agreement, Advocate and Mr. Page have the right to terminate the consulting agreement and receive an amount of money equal to the consulting fee for a period of 30 months. Upon a change of control, and assuming the triggering event took place on the last business day of the Company's most recently completed financial year the estimated payment to Mr. Page would be \$202,500.

Oversight and Description of Director and Named Executive Officer Compensation

As the Company does not have a compensation committee, the Board determines any compensation payable to the directors and officers. The Board assesses the compensation of directors and officers on an ongoing basis taking into account the responsibilities and obligations involved with such positions as well as the financial status of the Company.

No compensation is tied to one or more performance criteria or goals. No significant events have occurred during the most recently completed financial year that have significantly affected compensation, and no peer group analysis has been conducted in determining NEOs compensation.

The Company is an exploration stage company engaged in the acquisition and exploration of mineral natural resource properties. The Company has no revenues from operations and often operates with limited financial resources to ensure that funds are available to complete scheduled programs. Accordingly, the granting of stock options is an important element of executive compensation which does not require cash disbursement by the Company. In determining compensation with respect to stock option grants, however, the Company is cognizant of the Exchange statement in its Policy 4.4 that: "Incentive stock options are a means of rewarding optionees for future services provided to the Issuer. They are not intended as a substitute for salaries or wages, or as a means of compensation for past services rendered." The Board, taking into consideration previous grants of stock options, determines the compensation in the form of stock options to its NEOs, as well as to its directors.

Pension Disclosure

The Company does not have any defined benefit plans, defined contribution plans, deferred compensation plans or any other benefit plans in place that provide for payments or benefits at, following, or in connection with retirement.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

None of the current or former directors, executive officers or employees of the Company or any of its subsidiaries, no proposed nominee for election as a director of the Company, and no associate or affiliate of any of them is or has been indebted to the Company or any of its subsidiaries at any time since the beginning of the Company's last completed financial year nor has any such person been indebted to any other entity where such indebtedness is the subject of a guarantee, support agreement, letter of credit or similar arrangement or understanding provided by the Company.

CORPORATE GOVERNANCE

National Instrument 58-101 – Disclosure of Corporate Governance Practices ("NI 58-101"), adopted by the Canadian Securities Administrators, requires issuers to disclose their governance practices in accordance with that instrument. The Company is a "venture issuer" within the meaning of NI 58-101. A discussion of the Company's governance practices within the context of NI 58-101 is set out below.

Board of Directors

The Board of Directors of the Company (the "Board") facilitates its exercise of independent supervision over management by ensuring that a majority of its members are independent of the Company. Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Company's Board, be reasonably expected to interfere with the exercise of a director's independent judgment. The independent members of the Board are John Kerr, Michael Rowley, G. Ross McDonald, Nigel Bunting and Donald Head. The non-independent directors are Joseph A. Kizis, Jr. who is the President, and Lawrence Page who is the Chairman and is President of a company providing administrative services and office accommodation to the Company.

Certain of the Company's directors are also directors of other reporting issuers (or equivalent), as disclosed in the following table:

Orientation and Continuing Education

The Company does not provide formal continuing education to its Board members, but does encourage them to communicate with management, auditors and technical consultants. Board members have full access to Company policies, corporate governance documents, technical data and financial information.

Ethical Business Conduct

The Company has adopted a Code of Business Conduct and Ethics (the "Code") which addresses compliance with laws, conflicts of interest, honesty and integrity, fair dealing, discrimination and harassment, safety and health, honest and accurate record keeping, and specifically ethical conduct for financial managers. A copy of the Code is available on the Company's webpage at www.bravadagold.com and has also been provided to the Company's directors, officers and employees. Company personnel are encouraged to speak with their supervisors or other management to obtain guidance in complying with the Code or to report any violations of the Code.

The Company has also established a whistleblower policy to provide Company personnel with a channel to report serious concerns relating to financial reporting or unethical or illegal conduct.

The Board takes steps to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest. The Board ensures that the directors are familiar with the Code as well as their obligations to disclose any material interest in a transaction or contract and to abstain from voting on any resolution to approve such transaction or contract.

Nomination of Directors

When a Board vacancy occurs or is contemplated, any director may make recommendations to the Board as to qualified individuals for nomination to the Board. In identifying new candidates, the directors will take into account the mix of director characteristics and diverse experiences, perspectives and skills appropriate for the Company at that time.

Compensation

As the Company does not have a compensation committee, the Board determines any compensation payable to the directors and officers. The Board assesses the compensation of directors and officers on an ongoing basis taking into account the responsibilities and obligations involved with such positions as well as the financial status of the Company.

The Board also determines compensation in the form of stock option grants to its directors and officers, although such options are considered a means of rewarding optionees for future services provided to the Company rather than as compensation for past services. No compensation is currently paid to the directors, other than by way of stock option grants.

Other Board Committees

Other than the Audit Committee discussed below, the Board has no other standing committees.

Assessments

The Company does not have a formal process to review the performance of the Board, its committees and individual directors. The Board conducts ongoing informal assessments and evaluations, including considering the skills and experiences of each director individually and as part of a team. Particular consideration is given to the composition of the Audit Committee with skilled members that are both financially literate and independent.

AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company is comprised of G. Ross McDonald, John Kerr and Michael Rowley, all of whom are considered to be "financially literate" and are "independent" as those terms are defined in National Instrument 52-110 *Audit Committees*. The education and experience of each member relevant to the performance of such member's responsibilities as an Audit Committee member are as follows:

G. Ross McDonald: Mr. McDonald received his Bachelor of Commerce degree from the University of British Columbia in 1964 and subsequently received his designation as a Chartered Accountant from the Institute of Chartered Accountants of British Columbia in October 1968. From 1968 until 1973, Mr. McDonald practiced with Price Waterhouse in Canada and in Australia. From 1974 until 1984, Mr. McDonald worked in private partnerships except for a two year period from 1980 to 1982 when he was a senior officer in a junior resource company. For the past 17 years, Mr. McDonald has been in public practice with his own firm and then joined Smythe

Ratcliffe Chartered Accountants in 2005, and has since retired. Working principally with clients related to mining and mineral exploration, he is also involved as director of several junior resource companies.

John Kerr: Mr. Kerr graduated from the University of British Columbia in 1964 with a BAsC degree in Geological Engineering. He has served as a director of several public companies and is an audit committee member of Quaterra Resources Inc., Bravada Gold Corporation, Equity Metals Corporation, Valterra Resource Corporation and Searchlight Resources Inc. Through such positions he has been responsible for receiving financial information relating to a company and obtaining an understanding of the balance sheet, income statement and statement of cash flows and how these statements are integral in assessing the financial position of a company and its operating results.

Michael Rowley: Mr. Rowley obtained a Bachelor of Science Degree from the University of British Columbia in 1990 and has over twenty-five years executive experience with public and private companies in the mining and mineral testing industries. He is currently the President, CEO and a director of Group Ten Metals Inc. as well as director and audit committee member of Granite Creek Copper Ltd. Mr. Rowley's experience with such companies as well as his position as a director of the Company has provided him with an understanding of accounting principles and the ability to analyze and evaluate financial statements.

A copy of the Audit Committee Charter is attached hereto as Schedule "A".

The Audit Committee provides review and oversight of the Company's accounting and financial reporting process, and the audit process, including the selection, oversight, and compensation of the Company's external auditor. INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

MANAGEMENT CONTRACTS

There are no management functions of the Company, which are, to any substantial degree, performed by a person other than the directors or executive officers of the Company.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Stock Option Plan

At the Meeting, shareholders will be asked to approve the Company's proposed 2021 Rolling Incentive Stock Option Plan (the "2021 Plan").

The purpose of the proposed 2021 Plan is to provide the directors, executive officers and key employees of, and certain other persons who provide services to, the Company and its subsidiaries with an opportunity to purchase shares of the Company and benefit from any appreciation in the value of the Company's shares. This will provide an increased incentive for these individuals to contribute to the future success and prosperity of the Company, thus enhancing the value of the Company's shares for the benefit of all the shareholders and increasing the ability of the Company and its subsidiaries to attract and retain skilled and motivated individuals in the service of the Company.

The proposed 2021 Plan is a "rolling" plan that provides that the aggregate number of shares reserved for issuance under it, and all of the Company's other previously established and outstanding stock option plans or grants, is 10% of the Company's issued common shares at the time of the grant of a stock option under the proposed 2021 Plan.

The proposed 2021 Plan provides that the option exercise price, as determined by the Board of Directors, must not be less than the closing price of the Company's common shares on the TSX Venture Exchange (the "Exchange") on the day immediately preceding the date of grant, less the applicable discount permitted by the policies of the Exchange. The maximum term of the options granted under the 2021 Plan is ten years from the date of grant, however the normal term of the options is five years. The Board of Directors of the Company may determine the limitation period during which an option may be exercised and, notwithstanding that none may be required by the policies of the Exchange, whether a particular grant will have a minimum vesting period. In the event of resignation or termination of an optionee, such optionee may exercise options held by such optionee for a period of 90 days following the effective date of such resignation or for a time as otherwise determined by a directors' resolution at the time of the grant of the options. In the event of an optionee's death, the stock option may be exercised by a qualified successor until the earlier of a period of one year from the date of such death and the expiry date of the stock option. As a "rolling" plan, any amendment to the proposed 2021 Plan will require the approval of the Exchange and may require shareholder approval.

The granting of stock options under the proposed 2021 Plan is restricted as follows: (a) the number of options granted to a consultant in a 12-month period must not exceed 2% of the issued shares of the Company at the time of grant of the stock option; and (b) the aggregate number of options granted to employees involved in investor relations activities must not exceed 2% of the issued shares of the Company in any 12-month period, at the time of grant of the stock option.

In accordance with the terms of the proposed 2021 Plan, it is subject to its acceptance for filing by the Exchange and the approval of the Company's shareholders. Under the policies of the Exchange, if:

- a) the grants of options under the proposed 2021 Plan to "insiders" of the Company, together with all of the Company's outstanding stock options, could result at any time in:
 - (i) the number of shares reserved for issuance pursuant to stock options granted to insiders of the Company exceeding 10% of the issued common shares of the Company; or
 - (ii) the grant to insiders of the Company, within a 12-month period, of a number of options exceeding 10% of the issued common shares of the Company; or
- b) the number of shares reserved for issuance pursuant to stock options granted to any one optionee, within a 12-month period, exceeding 5% of the issued common shares of the Company;

such shareholder approval must be "disinterested shareholder approval", but as the proposed 2021 Plan is restrictive as to these results, disinterested shareholder approval of the proposed 2021 Plan is not required.

The policies of the Exchange and the terms of the proposed 2021 Plan also provide that “disinterested shareholder approval” will be required for any agreement to decrease the exercise price of options previously granted to insiders of the Company but no such agreements are being brought before the Meeting.

The term “disinterested shareholder approval” means approval by a majority of the votes cast at the Meeting other than votes attaching to shares of the Company beneficially owned by insiders of the Company to whom options may be granted under the proposed 2021 Plan and associates of such persons. The term “insiders” is defined in the *Securities Act* (British Columbia) and generally includes directors and officers of the Company and its subsidiaries, and holders of greater than 10% of the voting securities of the Company. The term “associates” is defined in the *Securities Act* (British Columbia).

If shareholder approval of the proposed 2021 Plan or a modified version thereof is not obtained, the Company will not proceed to implement the proposed 2021 Plan nor grant options under it. Even if approved, the directors may determine not to proceed with the proposed 2021 Plan.

The proposed 2021 Plan will be available for inspection at the Meeting. The directors recommend that the shareholders approve the proposed 2021 Plan.

MANAGEMENT IS NOT AWARE OF ANY OTHER MATTER TO COME BEFORE THE MEETING OTHER THAN AS SET FORTH IN THE NOTICE OF MEETING. IF ANY OTHER MATTER PROPERLY COMES BEFORE THE MEETING, IT IS THE INTENTION OF THE MANAGEMENT APPOINTEES TO VOTE THE SHARES REPRESENTED BY THE FORM OF PROXY ACCOMPANYING THIS INFORMATION CIRCULAR ON ANY BALLOT THAT MAY BE CALLED FOR IN ACCORDANCE WITH THEIR BEST JUDGMENT ON SUCH MATTER.

GENERAL

Unless otherwise directed, it is the intention of the Management Appointees to vote proxies in favour of the resolutions set forth herein. All ordinary resolutions require, for the passing of the same, a simple majority of the votes cast at the Meeting by the shareholders. All special resolutions require, for the passing of the same, a 2/3 majority of the votes cast at the Meeting by the shareholders.

SCHEDULE "A"

AUDIT COMMITTEE CHARTER

A. PURPOSE

An audit committee is a committee of a board of directors to which the board delegates its responsibility for oversight of the financial reporting process. Traditionally, the audit committee has performed a number of roles, including:

- (a) helping directors meet their responsibilities;
- (b) providing better communication between directors and the external auditors;
- (c) enhancing the independence of the external auditor;
- (d) increasing the credibility and objectivity of financial reports; and
- (e) strengthening the role of the directors by facilitating in-depth discussions among directors, management and the external auditor.

National Instrument 52-110 *Audit Committees* ("NI 52-110") requires that the audit committee also be responsible for managing, on behalf of the shareholders, the relationship between the issuer and its external auditors. In particular, it provides that an audit committee must have responsibility for:

- (a) overseeing the work of the external auditors engaged for the purpose of preparing or issuing an auditors' report or related work; and
- (b) recommending to the board of directors the nomination and compensation of the external auditors.

Although under corporate law, an issuer's external auditors are responsible to the shareholders, in practice, shareholders have often been too dispersed to effectively exercise meaningful oversight of the external auditors. As a result, management has typically assumed this oversight role. However, the auditing process may be compromised if the external auditors view their main responsibility as serving management rather than the shareholders. By assigning these responsibilities to an independent audit committee, NI 52-110 ensures that the external audit will be conducted independently of the issuer's management.

NI 52-110 provides that an audit committee must be directly responsible for overseeing the work of the external auditors engaged for the purpose of preparing or issuing an auditor's report or performing other audit, review or attest services for the issuer, including the resolution of disagreements between management and the external auditors regarding financial reporting. Notwithstanding this responsibility, the external auditors are retained by, and are ultimately accountable to, the shareholders. As a result, NI 52-110 does not detract from the external auditors' right and responsibility to also provide their views directly to the shareholders if they disagree with an approach being taken by the audit committee.

The Board of Directors (the "Board") of Bravada Gold Corporation (the "Company") is responsible for the management of the business and affairs of the Company. The Audit Committee (the "Committee") is appointed by the Board as an independent and objective party to assist in fulfilling the Board's responsibility for oversight of the Company's financial reporting process.

The Company must comply with the applicable requirements of NI 52-110 which includes having a written charter that sets out the Committee's mandate and responsibilities. As of the date above, the Company is a Venture Issuer as that term is defined under NI 52-110. Accordingly, it is exempt from the requirements of Part 3: Composition of the Audit Committee and Part 5: Reporting Obligations of NI 52-110. The Board may, at any time, amend or rescind any of the provisions hereof, or cancel them entirely, with or without substitution.

B. AUTHORITY

1. The Committee, through its Chair, may directly contact any officer or employee of the Company as it deems necessary or advisable to fulfill its duties and responsibilities, and any officer or employee may bring before the Committee any matter involving questionable, illegal or improper financial practices or transactions;
2. The external auditors will report directly to the Committee. The external auditors shall have a direct line of communication to the Committee through its Chair and may bypass management if deemed necessary; and
3. The Committee may engage, at the Company's expense, outside legal counsel or other advisors as the Committee considers necessary to fulfill its duties and responsibilities and to negotiate compensation arrangements for any such advisors.

The members of the Committee shall appoint from among themselves a Chair of the Committee. 3. A minimum of two and at least 50% of the members of the Committee present either in person or by telephone or other telecommunication device at a Committee meeting shall constitute a quorum;
4. If and whenever a vacancy shall exist in a Committee meeting, the remaining members of the Committee may exercise all of its powers and responsibilities provided a quorum has been established;
5. Any matters to be determined by the Committee shall be decided by a majority of votes cast at a Committee meeting called for such purpose. Actions of the Committee may be taken by an instrument or instruments in writing signed by all of the members of the Committee, and such actions shall be effective as though they had been decided by a majority of votes cast at a Committee meeting called for such purpose. All decisions or recommendations of the Committee shall require the approval of the Board prior to implementation;
6. The time and place at which a Committee meeting shall be held, and procedures at such meetings shall be determined from time to time by the Committee. A Committee meeting may be called by email, telephone, facsimile, letter or other communication means, by giving at least 48 hours notice. Notice of a Committee meeting shall not be necessary if all of the members are present either in person or by telephone or other telecommunication device or if those absent have waived notice or otherwise signified their consent to the holding of such meeting;
7. The Committee may invite such officers, directors and employees of the Company and its subsidiaries as it may see fit, from time to time, to attend at Committee meetings;
8. The Committee shall keep minutes of its meetings which shall be submitted to the Board. The Committee may, from time to time, appoint any person who need not be a member, to act as a secretary at Committee meetings;
